Bishop Suffern, the Right Reverend W. Gerald Birch, met with members of the All Saints Anglican Church congregation in the Parish Hall following the Confirmation services held in the Church on Wednesday, March 16. Members of the Women's group served refreshments. Notes: Men attend the church also, but the ladies just happened to be lined up against the wall as the Bishop went down the line shaking hands.

CUJIVIES
(Cont' from page 2, Col. 3)

cently resigned due to her husband's transfer, was presented with an executive pin. In making the presentation, Miss, expressed her thanks to Naxette for her time and work put in on the executive in the past five months and wished her every success and good luck in her new home in Alida, Sask.

The evening concluded with a humorous and varied program with member participation which gave everyone a chance to display her many hidden talents.

The next regular meeting will be held in the Community Hall on Monday, April 10th, when International Night will be celebrated. An invitation has been extended to the waiting list and to the Breton Oil Vets Club to attend this meeting and are insured an enjoyable evening with meeting a "talent show" supplied by the local members.

REPORT FROM LEGISLATURE

By: Mrs. Cornelia R. Wood, M.L.A.

During the fourth week in the Legislature the debate on the Budget proceeded with M. MacCagnio (Lib. Lac La Biche) starting off on Monday. He objected to the tax on pipe and power lines belonging to our own companies, and suggested that the development of roads to Resources would have benefited more people than many of the capital expenditures stated in the budget.

He was followed by A. Diana

(S.C. Calgary S.E.) who said that it was quite necessary to increase the tax on gasoline by two cents and then pointed out that other provinces have higher gasoline taxes and also place tolls on bridges and roads as well. He objected to farmers being able to use tax-free purple gasoline in more than one truck per farmer, used for carrying farm license plates.

Wm. Urie (S.C. Red Deer) told the House that Alberta farmers produce 50 percent of the top grade beef produced in Canada, but the Alberta pork is the lowest for Grade A hogs, but highest for Grade B's. He said the reason was "in feeding and not in breeding" and suggested that farmers would sell their hogs before they grow too fat.

H. Starn (S.C. Cypress) took exception to the "Red-Gumming Speech" on important highways and stated that such racing up and down Provincial Highways could lead to serious accident.

Tuesday was Private Members Day and the report of the Committee set up to redistribute the number of seats in the Provincial Legislature was tabled. It gave Edmonton and Calgary cities an extra seat each and eliminated four rural ridings making a 83 seat House, two less than the 85 now. The boundaries of the Stony Plain Constituency remain much as they are at present, in the report.

The debate on the amendment to the constitution calling on the bank of Canada to make loans available to finance municipal capital projects ended in a voice vote of "No". Not a voice was raised in favor of the amendment proposed by E. Watkins (P.C. Calgary Glen

more) asking the Federal Government to provide a revolving fund for municipal projects at low interest rates. Mr. Watkins was out of the House when the vote was taken.

Dr. E. Hansell (S.C. Okotoks-High River) continued the debate on the original resolution and he ventured a prediction that history would repeat itself and as the late Liberal Leader-MacKenzie King had promised monetary reform action during the federal election after seeing the handwriting on the wall, so Mr. Pearson would go round crying for monetary reform in the next federal election. Mr. King had the opportunity of a lifetime when he became Prime Minister but he failed and to will Mr. Pearson fail to do anything in monetary reform. M. MacCagnio (Lib. Lac La Biche) denounced the debate to take place next Tuesday.

An unusual happening took place under Orders of the Day when each of the male Members received a key case made of the Tartan. The presentation was made by Hon. A.R. Patrick, Provincial Secretary who sponsored a Bill making the Tartan legal for Alberta. Its colors are green for our forests, gold for our wheat and our sunshine, blue for our lakes and clear skies, black for our coal and oil and a few threads of pink for our floral emblem—the wild rose. Put them altogether and we have Alberta's Beautiful Tartan. The Tartan was designed by two ladies of the Edmonton Rehabilitation Society and thousands of yards of it are being produced by the Society.

Wednesday and Friday were devoted to the debate on the Budget. Hon. J.D. Ross, Minister of Health reported that during the next 10 years, Alberta will have to have another 3500 active hospital beds to add to the 7500 now available, and another 1100 chronic hospital beds to be added to the present 665. The cost of

these will be over \$80,000,000 in the next ten years, he said. In this cost 2500 chronic or auxiliary hospital beds will be provided also.

F.L. Galt (Coalition Banff-Cochrane) devoted most of his two hour address making a strong bid for the Winter Olympics to be held in Banff in 1968 and urged the Provincial Government to take a strong lead in this.

Recreational Director Mike Gormley presenting the beautiful B.P. O.E. Ellis trophy to the winning team in the Pee Wee Town League, the D.V.A.A. "Canadians". Team Captain Freddie Kerr is accepting the trophy for the team and coach Bill Ward is standing in the rear. The trophy is a rotating award, which will reward for competitive reward in this level of junior hockey year after year.

There were four teams competing in the Town Pee Wee League. They were, the Drayton Valley Hotel Flyers, the Drayton Cochrane Rangers, the D.V.A.A. Redwings, and this year's winners, the D.V.A.A. Canadians.

THREE DIE IN HIGHWAY ACCIDENT

Tragedy struck again on No. 57 highway just north of the Rocky Rapids road when, on last Saturday night a little before midnight a southbound car containing four men was in collision with a northbound half ton pickup truck with one occupant.

The accident occurred at 11:45 Saturday evening and claimed the lives of three of the men in the car, the driver and two passengers riding in the rear seat. Killed were, Donald John Fiesch, aged 27, of Kingman, Donald High Cunningham, 27, of New Norway and Charles Edward Nevalin, 30, of Edmonton. All were unmarried. Seriously injured was the other occupant of the car, Mr. Hawthorne, 26, of Drayton Valley, who was removed to Drayton Valley Municipal Hospital. Mr. Hawthorne was riding in the front seat at the time of the accident, and Floyd Hawthorne, of Warburg, the driver of the half ton, who was just going to

work on a Peter Bowden rig north of town. Mr. Hawthorne was taken to Royal Alexandra Hospital with a fractured skull and both legs broken. He is reported to be in satisfactory condition. Mr. Hawthorne, in Drayton Valley Hospital is also reported to be making a satisfactory recovery.

CANCER FUND DRIVE

FIGHT CANCER WITH A CHECK UP AND A CHECKUP:

Cancer danger signals:
1. Any sore that does not heal.
2. A lump or thickening in the breast or elsewhere.
3. Unusual bleeding or discharge.
4. Any change in a wart or mole.
5. Persistent indigestion or difficulty in swallowing.
6. Persistent hoarseness or cough.
7. Any change in normal bowel habits.

Cancer is curable if discovered early and treated properly. You will be first to notice one of these signals. It may mean cancer. It should always mean a visit to your doctor.

District Personalities

MISS JANE VEBE SCHOEN. Photo by Curt's

This week's personality is one who recently won the Rotary Fellowship Essay contest, conducted for students in Drayton Valley High School, and as a result she will get a free all-expense paid trip to Ottawa in early May.

The title of her prize winning essay is "Why I Am Proud To Be a Canadian Citizen". Eight students were chosen from the High School to write the essays and Jane's was judged the best.

Judges were Dr. Shimbashi, Mr. John Gray, and Rev. A. Wright.

Jane Schoen was born in 1944. She has lived all her life on the family farm two miles west of Rocky Rapids, where her parents have been farming for over 30 years. Jane's father and mother came from Germany in 1928 and later met in this country and were married a couple of years later.

Jane started school in Drayton Valley in grade one, eleven years ago. In 1960, just four years before the frantic oil boom hit this district, she is now a student in Grade 11. Even in this short time she has seen many changes in Drayton Valley and in the schools. When she started in 1950 there were three classes, taught by Mrs. Deby, Mrs. Law and Miss Rosa Walters.

As we said, her claim to fame at the moment is the winning of the Rotary Fellowship trip to Ottawa for her composition, "Why I Am Proud to be a Canadian Citizen". The trip will leave from May 7th to May 11th. Jane will be accompanied to Ottawa by another girl

from Edmonton who was the winner of the Rotary sponsored trip in the city.

Miss Schoen has two married sisters, Mrs. Violet Dusenhoff living in Lodgepole and Mrs. Crystal Dusenhoff, living in Rocky Rapids.

WHY I AM PROUD TO BE A CANADIAN CITIZEN

Although I have been a Canadian citizen for almost seventeen years, I have never really stopped to think about why I am proud to be a citizen of such a magnificent country.

We realize that as Canadian citizens we have many privileges which we have taken for granted for many years. We are not aware of this until we begin to compare our culture and civilization with that of another country. One of the freedoms which we practice in Canada is the Freedom of Government. We do not consider voting for our government to be too important but we must remember that in some Communist countries there is only one candidate to vote for and the people have no choice. We should be proud that the candidate of our choice may represent us in the Federal Government. In Canada we are allowed to voice our opinions and speak freely at all times without fear of punishment. Another freedom which we all practice is the Freedom of Religion. We are not compelled to go to church. (Cont' page 2, Col. 4)

church and we are not forced away when we do go. In Canada the people can practice the religion of their choice and are not forced into one faith. We feel proud to pledge our allegiance to the Queen of England who means-to-live over a younger country such as Canada and give her a more historical background.

Canada has had a great part, a favorable present and the hope for a wonderful future. We can be very proud of Canada's past which was adventurous and daring. During the time of exploration Canada was foremost in importance since it proved to be a great country with many resources and room for many of the people of overpopulated Europe.

We are proud of all the Canadian writers, scientists and other brilliant people who in the past, through their work, brought enjoyment and happiness to many people throughout the world.

Canada holds a very prominent place in world affairs today. Her economy is one of the highest standards of living that exists in the world of today. Canada has a very promising outlook for the future, she has a great area of land which is sparsely populated and many of her natural resources are not yet developed. These two factors may contribute greatly to the future of this country.

By chance a doctor was at the scene almost immediately, as Dr. Waugh was returning from attending a patient in Edson and was just returning to Drayton Valley and arrived at the scene very shortly after the accident occurred. Dr. Brooks, of Drayton Valley Medical Centre was also called to the scene of the accident. While the injured were being removed from the vehicles Ed. Sandelin, of Drayton Valley Ambulance also arrived at the scene, returning to Drayton Valley from Edmonton, and was able to move them to Drayton Valley Hospital. The more seriously injured Mr. Hawthorne was taken to Edmonton, to the Royal Alexandra Hospital, after treatment at the local hospital.

CANCER: FUND DRIVE
(Cont. from page 1, Col. 3)

Plans are now underway for the spring drive which will begin April 4th.

The Rotary will be sponsoring this campaign again. Mrs. Bertha Reicker will be campaign convener.

The following canvassers have volunteered. Yvonne Tuckack, Cathy Bright, Marisel McLeure, Todd Mitchell, Bernice Perry, Mrs. Pickup, Mrs. Swain, Mrs. Tipper, Joan Machan, Ann Wardle, Nettie Dixon, Shelia Campbell, Millie Gamble, and Mrs. Lila McLean who was convener in the past.

The objective this year is \$700.00. It is hoped the canvass will be finished April 30th. All donations are used for Research Laboratory and patient comfort.

THE PEOPLE OF CANADA, all races, colors, and nationalities, work together daily and meet each other equally. Segregation is not practiced in Canada and we feel proud that foreigners find our country a pleasant one in which to make their new home.

In Canada we are proud of the many different kinds of entertainment in which we can participate. Some of the greatest athletes of all times have been Canadians who worked hard in the profession they loved greatly. Our country is well-represented in the Olympics each year and her stars have brought home many medals.

Looking at Recreation

By: Michael Gormley
Recreation Director

Baseball Around The Corner

With the passing of the vernal equinox early last week we can be reasonably sure of two things, the bitter winter blues and the crisp frosts are well behind us once more and spring, the season of new life and new hope, is well on the way. With each passing day, the vernal season is becoming more a reality as the sun casts its powerful rays on dormant Mother Earth and bids to all creation that it is a time to return to life.

This awe-inspiring change in the forces of nature also completely revolutionizes the day to day life of every individual in our society. The slings of winter are over and done with and all look forward to the new activities of a new, hopeful and life-giving spring season. In the field of recreation there is also a complete reversal of form. There is nothing left of the hockey season but memories and the knowledge and material with which next season will be tailored. The snowgait hill, though not living up to its full promise because of the mild weather, is also in the shadows of memory and so with every winter activity, it's time for a major changeover whether everyone is agreeable to the fact or not.

Of all the winter activities that are fast disappearing there are and equal number of spring and summer activities to take their place. Since hockey, the king of our winter sports, has already bid us "goodbye" we anxiously look forward for its summer replacement which is just around the corner in the wonderful and exciting game of baseball.

Baseball, the game of games, the "National Pastime" of our neighbors to the South of the border and one of the continuing warm-weather sports in Canada, will be played on a fully organized scale in Drayton Valley and vicinity during the coming summer. It is hoped that the game will be played at all levels if enough interest can be generated. Just what the setup will be is still not quite clear at this early date. It is expected that the program will be handled along similar lines to that of hockey during the past winter. At the "Little League" level, that is boys twelve years old and younger, there will be a town league, possibly of five or six teams and an "All Star" team to play exhibition games with outside teams and to represent the town to district tournaments. There may or there may not be a town league at the Pony plane depending on the interest among this 12-14 age group. It is certain, however, that there will be at least a couple of Pony teams playing out of the Valley whether in league, exhibition or tournament competition. It

is expected that there will be one Coit team and as in years gone by there 14-15 year-olds will be under the wing of the D.V. Lions Club. Now we come to the biggest question mark of all. Will there be a team from the "Valley" competing in the "Tee Ball" category? The one remaining link between Coit and intermediate baseball as far as we are concerned, I would say: "Yes", right off hand as there seems to be considerable interest at that level, however, a second intermediate team could also be formed to fill in the order here. This is a question that time and planning will decide. Of course the Drayton Valley Legionnaires, who took the Oil Field League Championship last year in intermediate competition, will be back to defend their title in 1961.

So it looks as though we might have a very interesting baseball season coming up for us. Personally I am prepared to put a great deal of time and effort into the baseball program. In fact, I want to see it on a level with football and hockey both of which enjoyed very successful seasons. Ole Olson will, once again, be the co-ordinator for Minor League baseball in Drayton Valley during the coming season. Ole certainly needs no introduction to the Valley diamond as that as he has done some remarkable work in this field in seasons gone by and you can fully depend on another remarkable job this year. As in other years Ken MacLean and Les Tuck are well liked by spearheading the drive among the intermediate

At this time we would be very happy to hear from any individual who is interested in coaching a ball team at any level. We already have a few interested persons on our list, but we certainly need as many as we possibly can get up here have a complete and smooth operating baseball program. If you would like to get on at the head-wagon and work with the boys as a coach or an official you are warmly welcomed; contact Ole Olson or "Tommy" at any time during the coming weeks, preferably before April 15. Player application forms have been distributed at the local schools and to draw the response has been tremendous. If you want to play baseball this summer and have not filled out an application form yet, pick one up at the earliest opportunity from Ole Olson, Gordon Tucker or myself and get in the whirl of things good and early.

So much for baseball this week. During the next few weeks I hope to run a short writing on the different classifications of baseball and some other points of interest on the "Game of Games".

CARNIVAL TIME: The stage is

set and all is in readiness for Drayton Valley's Sixth Annual Ice Carnival. The show which promises to be the greatest of its kind ever presented in these parts will take place in the D.V. Curling Rink on Easter Monday, April 3, 1961. At its other years, the carnival is being sponsored by the Boy Scout Organization under the chairmanship of Jack Hayland.

Thanks to the very efficient work of the Drayton Valley Figure Skating Club, local talent will dominate the proceedings this year. There will be some numbers presenting talent from the city, but the program is mainly built around Drayton Valley performers. As this remarkable achievement a great deal of credit is due the people who were instrumental in training our youngsters in the art of figure skating: Bill Couch.

Laurence Eggard, Anne Gillis and a professional instructor Lillian Johnson who was brought from Edmonton on a weekly basis throughout the winter months. Those are the people who made it possible for so many local skaters to qualify for the big carnival.

The program has been very carefully planned and the numbers are spectacular and varied. There are acrobatic acts in all and some very colorful costumes will be on display. A "Carnival Parade" will be held for the younger members of the show.

Once again, the Carnival is favored by these beautiful and charming young ladies who are competing for Carnival Queen honors. The prospective "Queens" are Miss Audrey Gossinger, sponsored by Drayton Valley Merchants, Miss Sharon Reynolds, sponsored by Pipe Line Service and Supply Companies and last but by no means least Miss Paulette Doyle, sponsored by Producing Companies.

So folks, there you have it at the Curling Rink on Easter Monday. There will be a matinee for the children during the afternoon and the second showing will be with the crowning of the Carnival Queen will be held in the evening.

JUDO CLASSES UNDERWAY: Judo has become an overnight sensation on the recreation front here in Drayton Valley. As Recreation Director of the community I had been approached several times and by several people to organize a judo club, however, I was not too successful in my efforts for several reasons. I could not find a qualified instructor, then there was such a tremendous variety of activities around the New Year that I could not possibly devote the required time to the organization and the introduction of a new sport. So time went on,

and suddenly judo classes were underway under the direction of a qualified instructor with carefully a move on my part.

Chief Constable Al Miles was holding an Auxiliary Police Course under the auspices of Alberta Civil Defence and it was decided that the class should have some fundamental training in hand to hand combat. To Mr. Miles promptly brought in Cpl. Hopkins of R.C.M.P. Reserve Detachment to give some instruction. Cpl. Hopkins was more than pleased to come and being a "Black Belt" specialist in the art of judo, he very soon laid the foundation for the complete organization of a judo club. Hopkins comes here to Drayton Valley every Monday evening and classes are held in the "Frank Macdougall" High School Gymnasium. Presently there is a membership of about thirty and the interest seems to be mounting every week. The major problem right now is the lack of suitable mats required to practice this very fine form of athletics. Arrangements are being made, however, whereby suitable mats will be obtained for the purpose.

So I am happy to say that the judo situation seems to be well

LODGEPOLE HOTEL

Lodgepole's brand new fifteen room hotel will be opened officially with appropriate ceremonies at 4:00 p.m. on Monday, April 3rd. The hotel was built by Bagamy Construction Company, of Edmonton, and will be an excellent addition to the growing community. Mr. Charles Daniels, a farmer in the Ennisville district will be manager of the new hotel. Mr. Daniels formerly has been in the hotel business. His son, Harold, will manage the 175 chair beverage room. Harold had formerly been in the hardware business in Red Deer.

It is hoped that a bank will be located in the hotel building, to give banking facilities to the community. Lodgepole Board of Trade has been in communication with several banks relative to establishing a branch in Lodgepole and it is expected that one of them will eventually decide to set up a branch bank for the district.

In addition to the fine restaurant that has been set up in the hotel premises by Walter and Irene

Laurin, dining room facilities are available. These accommodations were used for the first time in the newly opened building a week ago last Monday, when the Lodgepole Curling Club held their banquet.

The hotel will become the centre of community life and with the country to the west and to the south of Lodgepole being opened and developed, should serve a very useful place in the expanding district. Needless to say, it is warmly welcomed by all residents of Lodgepole and district.

Whether the western limits of the Pembina field have yet been defined is not yet known, but regardless of that the district will grow increasingly important as a supply centre for the westward advance of settlement and construction.

A major scenic highway will one day connect the area with Rocky Mountain House and Jasper for a circle scenic tour which will take in both Banff and Jasper as well as the country north of the Wesman, which will be serviced by Lodgepole.

LODGEPOLE GIRL HONORED

(From National Baton Twirling Association)

National recognition for skill, leadership and reputable achievements beyond the local area has been given to Gwendolyn E. Ewan age 13, Lodgepole, Alberta, Canada in the 1961 edition of the book Who's Who in Baton Twirling.

She was selected by officials of the National Baton Twirling Association, Janesville, Wisconsin, in conjunction with the editors of the nationally circulated Drum Major Magazine as one of the 1400 outstanding young men and women to be honored in the twirling field. This achievement is even greater when figures show that 600,000 writers are active in the United States and Canada today.

The handsomely bound, eleventh annual edition is currently being distributed. The 528 pages contain pictures and biographical histories of America's greatest twirling stars; the story of the evolution of the art of twirling; and interesting, informative reference material.

Today, baton twirling ranks as one of the nation's largest and most wholesome youth movement. Majorettes and baton twirlers play

Canadian Rules of Boxing

Authorized by:
The Amateur Athletic Union of Canada

PART I

EXTRACTS FROM ARTICLES APPLICABLE TO AMATEUR BOXING

AMATEUR DEFINITION

- ARTICLE 11**
- (a) An amateur is one who has never competed for a money prize, stake bet or declared wager, who has not competed with or against a professional for any prize (except with the express sanction of the Amateur Boxing Association of the nation of which he is a member), and who has never taught, pursued or assisted in the practice of athletic exercise as a means of obtaining a livelihood or pecuniary gain.
- (b) Athletic exercises are for the purpose of this Article defined to be all kinds of sports administered by recognized international amateur federations or national associations.
- (c) A boxer who has broken the Amateur Definition, knowingly, cannot be requalified as an Amateur.
- (d) The Definition of an Amateur as stated in Article 11 shall be binding on all Associations affiliated to the A.B.A. and their members, and anyone who does not come within the terms of such definition shall not be in any official capacity in connection with amateur boxing, provided, however, that this prohibition shall not apply to anyone being engaged in the official capacity of a Second, Trainer, Instructor or Massener.
- (e) The acceptance of compensation, whether in money or in any other form, for loss of earnings while engaged in competition or during preparatory training for competition either by a boxer or by his dependants, shall be an infringement of the Amateur Definition.
- (f) Any boxer wishing to compete, or official wishing to act in a country in which he is not a national, must be certified in writing or by license as being an amateur by the affiliated Amateur Boxing Association of the country in which he is a resident.

PERMISSIBLE EXPENSES AND PRIZES

ARTICLE 12

The arrangements for travel and the subsistence expenses of officials and boxers shall be in accordance with the following regulations:

- (1) **By Air.** The usual travel conditions.
- When travelling by steamer, Tourist class or fast steamships, or first class in ordinary steamships.
- When travelling by rail, First class or similar accommodation according to conditions. If travel is made by sleeping car, Second Class may be used where available. The competitors must be furnished with the actual tickets or reimbursed for the tickets actually used.
- (2) The expenses of board and lodging on the outward and return journey shall be paid to the contestants by the Association of the country which receives them. These expenses shall not exceed \$4.00 (U.S. currency) per day per person, or a proportionately less amount for a period less than a day but in no case shall the total allowed exceed the amount actually spent. In view of the possibility of fluctuations of rates of exchange, consideration may be given to increased daily rates in difficult cases. From the moment when the contestants of an invited Association shall have arrived on the territory of the inviting Association and until the moment when they leave it, board and lodging shall be borne by the Association which has invited them and they shall be accommodated in a hotel of very good standard.
- (3) On both outward and return journeys and during the period of stay in a foreign country, the contestants shall have the right to receive a sum of \$4.00 (U.S. currency) or the equivalent value in local currency, per day and per person by way of reimbursement of their small expenses consequent on their journey and stay. In exceptional cases with the sanction of the Executive Committee a higher rate may be arranged. The settlement of this obligation shall be at the charge of the Association which receives the contestants, except in the Olympic Games and World Championships.
- (4) The reimbursement of expenses may be claimed only by the boxer, trainer and official companies and shall be made only to the official in charge of the team. The responsibility of making these payments of small costs with the inviting Association. The expenses of neutral referees or judges shall be paid directly to them.
- (5) An amateur boxer shall not be reimbursed for more than 15 days in any year in any foreign country for the purpose of taking part in tournaments. The time of travel shall not be counted in each period. The period necessarily spent at the World Championships, Olympic Games, European Championships and at International tournaments arranged officially by National Associations shall be subject to this limitation. A boxer shall not be reimbursed for more than ten days per residence in any one place for the purpose of taking part in a tournament, unless with the sanction of the Executive Committee.
- (6) National Associations are forbidden to grant extensions for tournaments in foreign countries for a period in excess of the time permitted. In certain cases they may obtain an extension of the time by forwarding full particulars in an application to the Executive Committee.
- (7) The organizers of International Competitions shall prepare an accurate account of the charges and reimbursements paid out by them which, as demanded, they shall submit to their National Associations.
- (8) The value of prizes for International Contests shall not exceed seven pounds, sterling, for the winner and five

Reports

Canadian Cuba Trade Relations

There has been much discussion in and out of Parliament with regard to our position in reference to Cuba. The Prime Minister summed it up by saying we would continue to trade normally with Cuba except for strategic materials, and that we would not boycott American goods.

The American delegates to the recent American-Canadian Parliamentary meetings in Ottawa came up to Canada quite annoyed with us. When it was shown to them that our total trade with Cuba was actually declining while their own was increasing, were shocked. All apologized for the ignorant attitude of the major American Press which had conveyed the idea to the American people and to them that we were in effect deliberately helping Cuba out.

Americans are still allowed to export food and necessities such as medical supplies and their exports for one month are more than equivalent to our total exports for the year.

However, we must continue to provide food and not strategic goods to Cuba. We took no part in events leading to their embargo and as a sovereign independent country, with our other friends in the world markets.

Recently introduced into the House of Commons by the Minister of Agriculture, the Honourable Alvin Hamilton was the resolution preceding the Agriculture Rehabilitation and Development Act.

The main purpose of the resolution is the improvement of the economic position of those farmers whose land is presently classified as marginal or submarginal. It will also improve the position of farmers generally.

This is part of our National Agricultural Program and the objective is to give agriculture their fair share of the national income. The resolution will implement the conclusions of the Senate Land Use Committee. Three major types of joint programs are considered:

1. Projects for the alternative uses of land that are presently classified as marginal or of low productivity.
2. Projects for the development of income and employment opportunities for rural agricultural areas.
3. Projects for the development and conservation of the water

"HE ROSE AGAIN"

THE Editor's Corner

(CAPTAINS OF THE YEARS)

I watched the captain
A'riding, riding.
Down the years.
Men of mystic grip
Of soul, a'riding
Between a hedge of spears.

I saw their banners
A'floating, floating
Over all
Till each of them had passed,
And Christ came riding
A donkey kear and small

I watched the captain
Diamondjousting, waiting.
Now now led.
The captain bowing low
The Captain waiting
While Christ rode on ahead.

Unfold names are written
And countless words are spoken
At this time of year of the glorious
message of Calvary and of course
the end-meeting of Calvary, the
fulfillment of it... the Empty
Tomb that keeps the Resurrection.

There were eight great phases
crisis in the life of Christ:

1. His Birth (Great rejoicing)
2. His Baptism. (The Voice of God)
3. His Temptation (He met the enemy and defeated him.)
4. The Transfiguration. (Communion with the Father.)
5. Gethsemane (Commitment: "Not my will but thine done")
6. The Crucifixion (Between two thieves)
7. The Resurrection (The Empty Tomb.)
8. His Ascension (Gravely lost its power)

All the events from the time of His birth pointed to His Death, and His death pointed the way to His Resurrection, and His Resurrection was followed in logical sequence by His Ascension.

THE DEATH HAD NO MEANING WITHOUT THE RESURRECTION. A little boy was looking in a store window at some picture of Jesus. A man came along and asked him what he was looking at; so the boy told him the story of Jesus, as he had heard it in Sunday School. He told of the birth and the life and the death of Jesus. The man listened and the boy walked on down the street. Suddenly he heard the boy running behind him, and when he caught up, the boy said, "I bego to tell you this, I see again." This is the glorious message of Easter: "He rose again!"

Great men have lived and died and it is true that the afterglow of their lives has continued to bless many down the centuries, but this man was different, he died and rose again.

It was Easter Sunday in 1799 when the mighty armed man of Napoleon's army was sweeping across Europe and Napoleon's dead general, Massena, suddenly appeared on the hills above the city of Feldkirch, on the border of Austria. The startling rays of the rising sun glinted on his shining weapons. The towns council gathered to decide what to do. Some suggested forming a citizen army to defend the city hopelessly to the death. Others wanted to send out a delegation with a white flag and sue for peace.

The old dean of the cathedral arose and said, "This is Easter Day" We have been counting on our own strength and that fails. This is the day of the Lord's resurrection. Let us ring the bells and have service as usual, and leave the matter to God's hands. We know our own weakness and do not know the power of God."

The church bells all over town began to peal joyously and the streets were crowded with worshippers on that day to worship the Risen Saviour. On the heights above the city the French soldiers viewed with alarm the clearing of the bells, and, assuming that the Austrian army had arrived in strength, broke camp and withdrew. The power of the Resurrection still awes and amazes men today.

JESUS CAME AS THE PERFECT SUBSTITUTE FOR SIN. He came fulfilling all the Old Testament types and shadows and prophecies. The cross was the perfect provision for the Resurrection, and the Resurrection is the focal point of the Christian belief. Without it the Cross would be a meaningless defeat, but with it the Cross becomes a glorious victory. Hebrews 12:12 says: "But this man, after he had offered no sacrifice for sin forever, sat down at the right hand of God. There, in a capsule of the full story of redemption, the entire eight phases of the Life of Christ are wrapped up in this that 'For by offering he hath perfected for ever them that are sanctified...' (Heb. 10:14)

IT WAS NECESSARY THAT HE DIE BETWEEN TWO THIEVES. Thus did the Perfect Man become forever identified with sinners. A very wealthy man was sailing on a vessel that also carried many members of royalty and nobility. He owned a beautiful and very valuable dog. One day the animal fell overboard and his master pleaded with the captain of the ship to put about and rescue the dog. The captain refused because he felt that for a mere animal it (cont. page 7, col. 3)

So was Christ, (1) Son of a King. (2) One born in our own country who had been born only a few days before on the battlefield, and was his child.

So was Christ, (3) Son of a King. (4) One born in our own country who had been born only a few days before on the battlefield, and was his child.

THE CHRISTIAN WORLD AT THIS TIME LOOKS TO THE RESURRECTED CHRIST. He is the focal point of attention at this time. What a difference would this world be, were He the focal point of attention throughout the year! The great picture of peace, Dr. Henry Jones told him, at the coronation of Edward VII, he sat in Westminster Abbey and watched the honorable assembling of princes, princesses, earls, dukes and so on. He said, "There was much bowing and respect shown as then people of high degree entered, but when the king entered all eyes left the people of low rank and were centered on the king. 'No it is, ' Dr. Jones continued, "Literature, music art, science, our daily work, even our family ties hold our respectful attention, but when Jesus Christ comes on the scene, into our life and heart, He must be the King, and all lesser things must wait their proper place."

"NOT MY WILL BUT THINE BE DONE" A mother took her little boy to the museum to see a life-size painting of Christ in Gethsemane. The boy gazed a long time and then finally he asked: "Mother, why does Jesus look so sad?" The mother replied, "Jesus is carrying the burden of the world on His heart; that is why He looks so sad." The boy gazed for a moment longer and suddenly he fell to his knees before the picture, and with tear-brimmed eyes he said, "Lord Jesus, if thou anything I can do, you can count on me." Can that be our commitment this Easter season? "Not my will but thine be done..."

JESUS CAME AS THE PERFECT SUBSTITUTE FOR SIN. He came fulfilling all the Old Testament types and shadows and prophecies. The cross was the perfect provision for the Resurrection, and the Resurrection is the focal point of the Christian belief. Without it the Cross would be a meaningless defeat, but with it the Cross becomes a glorious victory. Hebrews 12:12 says: "But this man, after he had offered no sacrifice for sin forever, sat down at the right hand of God. EASTER
Hope, the light of faith, arose when the angel said: "He is not here; for He is risen."
Faith, the hand of the soul, reaches forth to help the empty Tomb.
The God of the Resurrection is the God of this present hour.
When Faith arose with Christ: Fear died.
Jesus did not go to the Cross to take our pain; He went to take our place.
The Sun of Righteousness has arisen, the healing in his wings (Mal. 4:2).

EASTER

By Rev. P. Scripps
St. Anthony's Catholic Church.

"HE IS RISEN, HE IS NOT HERE"

Occasionally news of underground caves in mines reach our ears. Great attention is focused on those who were buried and means to rescue them. Too often when the unfortunate miners are reached in their underground prison they are found to be dead.

For days afterwards, newspapers are full of the incident. Every one becomes excited and the incident becomes the main topic of conversation in the street and in the parlor.

Christ was buried dead, and, after three days, He arose alive from beneath a huge and heavy stone. His tomb had been officially sealed by the government. Soldiers mounted guard over it night and day - all with the explicit purpose of preventing the timid friends of Christ, mostly women, from taking his body out of the grave. They did not steal the dead body out of the sepulcher, for, according to the testimony of the armed enemy guards, the dead Christ arose, alive, from under the heavy stone by His own power.

THE PERFECT MAN WAS IDENTIFIED WITH SINNERS. When Katherine Booth, daughter of the famous founder of the Salvation Army, was a small girl she saw a prisoner being roughly dragged away by a constable, while a coarse and careless crowd jeered the poor wretch. The utter loneliness of the man appealed to the little girl's heart. It seemed to her he did not have a friend in the world. She picked up her hoop, sprang to his side and walked down the street beside him, just to show him that he was not alone. He felt very for her. Even so did Jesus, "being the brightness of the Father's glory" come down to earth, became obedient unto death and identified Himself with sinners.

In closing, a prayer:
"O, to be emptied, lowly, Meek, uncomplaining and unknown. To God I would myself, filled with Christ and Christ alone".

It is true, that this great miracle occurred about two thousand years ago; nevertheless, it was of such a nature that it should still keenly interest the world and baffle the science and knowledge of so called enlightened people today.

As a matter of fact, it does not. The newspapers are not full of it. It is not the general topic of conversation, especially these days on the anniversary of these sacred happenings. Why not? Because the misled world does not want to believe in Christ, the God-man, for His religion and the moral law that He gave, stamped as it truly divine by His resurrection, does not appeal to men and women who want to lead a life of indulgence and sinful pleasure.

Easter is a feast of hope only for those who are poor or who feel their possessions to enrich their souls, for they know a better day will come, from which riches will not keep them; it is hope for those who are not

of our Creator? We cannot blindly follow our own inclinations and hope to find the path should put on the new personality which was created according to God's will. Ephesians 4:22-25.

Many people believe that any form of worship is right and that all will receive the same reward. But listen to what Jesus said at Matthew 23:14.

"Bread is the gate and spacious is the road leading off into destruction, and many are the ones going in through it; whereas narrow is the gate and cramped the road leading off into life and few are the ones finding it." This does not refer just to unbelievers as Jesus further said "Not everyone saying Master, Master, will enter the Kingdom of Heaven but the one doing the will of my Father," Mat. 7:21.

It is plain that only those who do all things Jehovah's way will please Him. A good example is Cain and Abel, both apparently devoted to the same God. Abel offered his sacrifice Jehovah's way. Even when Cain saw that he was not acceptable, he refused to change but went entirely contrary to Jehovah's way by killing his brother. He was cast off from his own family - 4:1-16.

Another example is Noah, he did all things Jehovah's way by building the ark and preaching the way God wanted him to. He pleased Jehovah very much and God called him his friend.

Jesus said "I do nothing of my own initiative but as the Father has taught me I speak these things." John 8:28. Paul said "Now I exhort you, brethren through the name of our Lord Jesus Christ that you should all speak in agreement, and that there should be no divisions among you but that you may be fully united in the same mind and in the same line of thought." 1 Cor. 1:10.

We must carefully consider the instruction he gives through His word the Bible and then do all things Jehovah's way as James said "But ye do every of the word and not hearken only deceiving your own selves; James 1:22

Coming into line with God's arrangements may well mean a complete change in our way of life but it can do more. Jehovah's will is that we should do as we are told. Even the worst sinners hear the truth of God's word and change. Paul said

of our Creator? We cannot blindly follow our own inclinations and hope to find the path should put on the new personality which was created according to God's will. Ephesians 4:22-25.

Many people believe that any form of worship is right and that all will receive the same reward. But listen to what Jesus said at Matthew 23:14.

"Bread is the gate and spacious is the road leading off into destruction, and many are the ones going in through it; whereas narrow is the gate and cramped the road leading off into life and few are the ones finding it." This does not refer just to unbelievers as Jesus further said "Not everyone saying Master, Master, will enter the Kingdom of Heaven but the one doing the will of my Father," Mat. 7:21.

It is plain that only those who do all things Jehovah's way will please Him. A good example is Cain and Abel, both apparently devoted to the same God. Abel offered his sacrifice Jehovah's way. Even when Cain saw that he was not acceptable, he refused to change but went entirely contrary to Jehovah's way by killing his brother. He was cast off from his own family - 4:1-16.

Another example is Noah, he did all things Jehovah's way by building the ark and preaching the way God wanted him to. He pleased Jehovah very much and God called him his friend.

TOUR MP
(Cont' from page 5, Col. 3)
and soil resources of Canada.

We have added over the years that Prairie Farm Rehabilitation Project be extended to cover our area and the third type of project will do this.

Altitude Land Use for marginal agricultural land must be speeded up. The conservation of land to forest woodlots, to grass and to produce what is best suited to the area can mean a lot to them to produce what is best suited to the area can mean a lot to some of our areas.

Rural Development other than land use will provide new income opportunities to people in rural areas. Local industry recreation and technical training are among the ways and means that this will be done. Here the Federal Government would provide guidance in assessing their own areas and in developing new industries.

Conservation of water and soil Conservation of water and soil will be the third major project and will mean an extension into our constituency by F.R.A. We all know how important this is. I am hopeful that this will help us with our draining of flood program and with the conservation of our soil.

GREEN ACRES
by DICK BOCKING

FOR GARDENERS

The use of a polyethylene mulch in gardens has resulted in much higher yields and earlier maturity. 36 inch clear 3-mil polyethylene seems to be the best material for this purpose. Better weed control is obtained by using black plastic, but maturity is not so early and yield not so great as with the clear plastic.

Once the soil is prepared for planting, the plastic is laid out over it and anchored by placing the edges in a 3-inch trench. The trench is filled with soil and the soil is tramped.

To plant corn, small slits are made every 12 inches down the centre of the plastic. 2 or 3 seeds are placed in the slit, with the weakest plants removed when the corn is 2 or 3 inches tall leaving only one strong plant.

The procedure is the same for other garden crops, except that spacing varies. For tomatoes, hedges are cut every 30 inches for lettuce and many of the small early vegetables six inches or less between plants is sufficient.

CONTROLLING WEEDS

A good weed-control program needs planning, and a year-round effort. 2, 4-D and other

sprays are a great boon to farmers but unfortunately many people think of them as a one-shot treatment that solves all weed problems. This is not the case.

It is estimated that weeds cost the average farmer \$1,000 per year. Much of this loss is unnecessary. A good weed program would make the difference.

Such a program should start with the use of clean seed of a suitable variety. The right variety can be checked by calling at this office, while cleaning can best be done by the Municipal Seed Cleaning Plant. If you are too far from the plant, do a very careful job with your own equipment.

In this connection, it's interesting to note that testing at Lacombe has shown that large seeds will produce plants yielding considerably higher than medium or small seeds. Also, much more is found in the smaller seeds. So it is well to keep only the largest seeds, and feed the rest.

When cleaning seed, it's well to treat it at the same time, in order to protect the plants from smut and other seed borne diseases. If you have a wire-worm problem, seed treatments are available that will give good protection against this pest as well as diseases.

Soil fertility is another important aspect of weed control. Fertile soil will give the weeds that extra push they need to get ahead and stay ahead of the weeds. Commercial fertilizers are important here, because they are placed in such a way as to be available to the plants but not the weeds. A good crop rotation which includes grasses and legumes is one of the very important weed control methods. Late seeding of an early barley such as Gateway is a very valuable tool in cleaning up weedy fields.

It's wise to watch screenings carefully. This is often a source of new and serious weed infestations.

For efficient weed control, all machinery must be in good working order. It is not too early to check ploughs, discs, cultivators, weed sprayers, and other implements. The sprayer particularly must be carefully checked if chemicals are to do their part of the weed control job.

So there are some of the more important aspects of a good weed control program. You will note that no mention has been made of summerfallow. There is no need for this expensive practice if the points mentioned above are included in your weed control program. The only possible use for summerfallow is for a particular problem such as quackgrass which cannot be solved in any other way.

More than two million Canadians serve the Canadian Red Cross Society in a voluntary capacity.

FROM LEGISLATURE

From the Legislative Press Gallery - Russ Sheppard.

The concept that representation by population should be the basis for representation in the Legislature is impractical and vitally impossible says Minister-Without-Portfolio, Fred C. Colborne. He says that representation on such a basis has never been achieved in North America. Mr. Colborne was chairman of the Special Committee appointed to study and recommend on representation to the Legislature and Provincial constituency boundaries in Alberta. The Committee tabled a report in the Legislature March 17th recommending a reduction of constituencies or M.L.A.s from 66 to 63. The proposals would add one additional member to each of the Edmonton and Calgary metropolitan areas and eliminate four rural ridings. Formerly presenting the report to the Legislature, Mr. Colborne said that the Chambers of Commerce and the Conservative Party in submissions to the Committee had called for representation by population. He said the Committee was able to persuade the group groups that they were mistaken in their concept of representation. Replying to editorial criticism the "there is no true democracy unless there is representation by population. Mr. Colborne proceeded to quote in detail Federal and Provincial constituencies across Canada, pointing out that rural ridings are larger in area but smaller in population generally in all areas. He noted that in Manitoba representation by population is prevented by legislation.

Keith Gorday (SC-St. Albert) was critical of the Committee for removing over 3,000 voters from his riding to that of Redwater.

Alex Gorday (SC-Vegreville) and Jack Hillman (SC-Sedgewick) were both critical of the "or changes in the east-central part of the Province where a wholesale realignment of constituency boundaries was carried out. The changes result in the constituency of Vegreville becoming Vegreville-Brown and Sedgewick becoming Sedgewick-Coronation. Mr. Hillman said a representative for the Sedgewick-Coronation riding would have to have the agility of a jack rabbit and the wisdom of a Solomon to serve the constituency properly.

William Patterson (SC-Lac St. Anne) commended the Committee for taking into consideration problems of his constituency's boundaries in its recommendation. Mr. Colborne noted, following these statements, that members can make "further suggestions on boundaries when legislation to implement the report is before the Legislature.

D.V. Highlights

By Edith Daly

Mr. and Mrs. Cliff Vandergift took the rodeo at Saskatoon last week and report having had a very fine time.

Mr. Gilbert McCall is seriously ill in Drayton Valley Hospital.

Mr. McCall is one of the district's old timers. He was Rocky Rapids postmaster until very recently. He served as trustee on the Stony Plain Divisional School Board for some years.

Best wishes for success in your campaign as Carnival Queen, Audrey. For those of you who may not know, Audrey is the daughter of Mr. and Mrs. John Getzinger. She has received all her education in Drayton Valley, having moved here with her parents when she was five.

Mr. Ray McQuigan has gone to Spiritwood, Saskatchewan, to fetch her father, Mr. Holbert, to Drayton Valley. Mr. Holbert plans to make an extended visit with his daughter and son-in-law.

Doctor and Mrs. Brooks visited their son, John, in hospital at Olds on the week end. John received a serious head injury about two weeks ago when he was thrown from his horse.

LOGGPOLE NEWS (Cont' from page 7, Col. 3 Section 2)

town would stand a good chance to obtain the banking services that have been desired by the residents for some time. A letter was approved by the meeting to be sent to chartered banks which might be looking for a new place to expand.

CURLING CLUB ENDS SEASON WITH STEAK SUPPER.

A very enjoyable evening was held recently in the new hotel when the Curling Club members and their partners met to entertain each other with supper and dancing. Tasty hors d'oeuvres were followed by a short program M.C. ed by Frank Leadley. Executive members out lined briefly the position of the club financially, and the importance of the club to a community with limited recreation facilities. All guests then danced or played whist for the remainder of the evening. The lunch was catered to by the Hotel Cafe (Have you tried their coffee yet? It's very good.), and the arrangement of the program was in the hands of Mrs. L. Humby.

EDUCATION WEEK SAW MANY PARENTS VISIT SCHOOL PROGRAM A SUCCESS.

Many parents attended the school observance of Education Week by going to the school on Friday to talk over with the teachers the program of the school and the

problems of their children. It is thought that over 100 parents were in attendance, a marked increase over last year. At the children were not in attendance, parents were able to visit informally, and go from room to room. Coffin was served by a group of Junior and Senior High School girls under the direction of Miss Shirley Woytuck. It is probable that the program will be repeated next year.

From Scoop's Notebook

Signalman Ronnie McDonald son of Mr. and Mrs. George McDonald is back in Alberta for a visit with his parents, and claims to be glad to be back in Alberta, the Banana Belt Province again. He is stationed in Ramen Canada with the Canadian Army Signal Corps. He left Kingston Ontario with wife and children on a fast trip which ended in Drayton Valley.

Rudi Menchel, Town employed with the Town of Drayton Valley returned the first week of March from a four week holiday visit to his native Germany. Rudi went over and returned by CFA. Polar Star flight, landing in Amsterdam, Holland and then going on to West Germany by train. He visited with his brother in Düsseldorf, West Germany, and while he was there his mother was able to come over from her home in Russian occupied East Germany to visit with him.

Rudi's sister, also in East Germany, was not allowed to come over to West Germany to visit her brother.

NIBBLES

BROTHER JUNKER

"You go to a progressive school, or something, don't you?"

to come over to West Germany to visit her brother.

Rudi said there is lots of work, and good wages in West Germany but that the cost of living is very high. He said that living conditions were much better than when he left, with many German workers now driving their own cars, and not necessarily Volkswagens, either.

On one recent very balmy Sunday Corporal Skip Wilson called his father in Ottawa. Wilson Sr. told his son that there was three feet of snow still in the backyard and they had just had an eight inch snowfall the night before. Said Skip: "I hate to tell you this, dad, but I've been out asking the lawn."

FOR FUTURE REFERENCE: Dept. The Road Ben went on in the area west of Drayton Valley on Tuesday, March 31, and went on in Leduc Municipality, across the river on Monday, March 30th.

IT PAYS TO ADVERTISE (In the PNA) Dep't Cecil Kady advertised for a 500 gallon propane tank which they had lost on the road to Tomahawk. They didn't hold out too much hope of getting it back, even with the acknowledged benefit of the P.N.A. However, lo and behold, in practically no time at all Jim Fry of Violet Grove had returned the tank so them and had received the King-size reward.

This, by the way, is but one of many astounding instances when lost or strayed goods and chattels have been returned to their owners.

an through the medium of Every-body's Paper, the Pembina News Advertiser.

Gottlieb's Ed. Little vexed quite rhetorical in recent Daily Carleton's Editor, now being conducted in Drayton Valley Canadian Legion Hall every Monday night. Using a pen as an object, Ed. held it aloft while he eulogized the many blessings a pen may bestow upon humanity. Said the speaker: "It has been said that the pen is mightier than the sword. But the pen can build up and edify. (Loud applause from the rest of the club.) The Canadian Red Cross is serving you, and your community in so many ways."

DENNIS THE MENACE

"What are you gonna buy with my Dad's quarter?"

FROM LEGISLATURE (Cont' from page 8, Col. 5)

Premier Manning spoke for about two hours during the budget debate reviewing the most Federal-Provincial Tax Conference. He said: "Alberta was agreed in principle with the new program of Federal-Provincial taxation. At the moment Alberta will tax 16 per cent on Income tax, 9 per cent on corporation tax and 50 per cent of the succession tax. Alberta is guaranteed, as are other provinces, of not receiving less revenue from the plan than they are from the present tax agreement."

Mr. Manning said Alberta had suggested an alternative plan calling for a "basic national standard of health, education and welfare". He said these matters were our first line of defence. "If we don't properly provide for the education of our children and the health and welfare of society as a whole, we will decay and perish". The premier emphasized the need for everyone to co-operate in controlling the ever-increasing costs that are pricing the country out of export markets.

The most heated debate of the session developed during consideration of a motion moved by Michael Macgregor (Lib.-Lac La Pêche) calling for a Government white paper dealing the new taxation program. On several occasions the Liberal member had asked for details on the subject.

Minister of Finance A.J. Hoolke spoke for an hour reviewing part of his two hour speech of two weeks previous. At that time the Minister had outlined the broad principles of the plan. During his debate Mr. Hoolke referred to Mr. Macgregor's question as dumb and stupid. Reference to "stupid" was made several times after Mr. Hoolke had concluded his remarks. Mr. Macgregor said the Minister had made a lot of noise but had still failed to answer the questions on details of the plan.

Premier Manning, speaking on the motion, said the white paper could be taken as the government's final stand on the program and this was not desired. He said he had complete co-operation from the groups concerned in preparing the program. It is one of the most important matters to come before the Legislature. We are prepared to consider any worthwhile suggestions to improve the program and want to keep it flexible.

The day following Mr. Hoolke's use of the term "stupid", Mr. Macgregor said he had talked to municipal, school board and utility company officials and all were awaiting details of the tax plan. "Calling me stupid", said Mr. Macgregor, "is fine and dandy but you are also talking to the people I have spoken to with the same term."

Mr. Hoolke arose to say he had said "no one can be that stupid" not to understand the plan. Mr. Macgregor

referred "spoken like a smart politician".

The Legislature had given unanimous support to a resolution calling on the Federal Government to enter negotiations with the Government of the United States with a view to finalizing an agreement for the immediate regulation and paving of the Alaska Highway in Canada. A.L. Finlay (C.-Spirit River), mover of the motion, said that unless the project is undertaken on a cost sharing basis between the two governments, we will not see the Alaska Highway completed in our time. He suggested a completion date for the more than 12-hundred mile project by 1967 - the centennial year for both Canada and Alaska.

The Dominion Curling Championships, Hog Gervais, skip; Ron Anson, third; Ray Warner, second and Wally Ostlak, lead, were hoping to see the Legislature for a blighting the championships to Alberta for the eighth time in thirty - two years of competition. Premier Manning presented each of the team with a large colored framed picture of Alberta while Speaker Ray, Peter Bayne, son presented the men with curling teams made of the new Alberta Terrans.

Included among bills introduced this week is one to amend the Dental Association Act. It contains a definition of dentistry and outlines amateur dentistry even if done at no charge.

Procedures for expropriating land and determining compensation for land are outlined in a new bill which replaces several other Acts governing the subject. It is intended to make procedures uniform and reduce variation now contained in the other Acts.

Answers to questions by Henry Ruess (C.-Wainwright) brought the reply that 1-million 944 thousand dollars have been committed to curb, sidewalk, and street paving in towns, villages and hamlets throughout the Province under this plan of the Government's five year program. Street paving total 100 miles. 88 centres have signed agreement with the Government under the program.

The Bill designed to outlaw "badly stamped" is progressing through the Legislature. It has passed second reading and, although not specifying trading stamps, it is designed to give power under the Licensing Act to handle the situation. Of penalties is among the contents.

Welfare Minister R.D. Jorgenson says never has the pensioner received more for 60-dollars than is received in the homes for senior citizens. The Government has already opened 31 of the homes with the ultimate objective of 60 homes. Mr. Jorgenson is responding to criticism of the homes. He said there is nothing any further under the sun to equal this program.

LOOKING AT RECREATION (Cont' from page 4 col 6)

entire team was of Blue and White which were just received last week. It was a fitting and becoming way to choose out of a good all-around season of juvenile hockey in Drayton Valley.

BOXERS HIT THE ROAD AGAIN:

Gordon Cross, Don Booker, and Company hit the road again to meet Wednesday morning in search of more flatie fame and fortune. Five members of the local club will do battle on Wednesday and Thursday against the cream of the crop in the Northern Alberta Elimination Tournament at the South Side Legion. The local boys trying their luck in the totemy are "Golden Boy" Rufus Combs, Garv Combs, Mervin Combs, Gerry Matzke and Barry Thompson. Out of this fine lot of flatie material we should have at least a couple of Northern Champions. I also got a good idea who they will be, however, I would sooner not mention any names right now. Let us wait and see.

This tournament which was held in Wainwright, Alberta last year accepts Open, Novice, and Junior fighters North of Red Deer while a Southern tournament decided the champions from the Mountain border up to the center line. The winners of those two eliminations meet in Calgary to decide the Provincial Champions late in April. All three tournaments are springing stones to the Canadian Amateur Boxing Championships to be held here in Drayton Valley on May 12 and 13. So it all means something to us.

Boxing News

PREMIER ACCEPTS HONORARY POST.

The sponsoring body for the Canadian Amateur Boxing Championships, the Drayton Valley Amateur Boxing Association, received some very good news over the weekend when publicity chairman, Pete Nebo, announced that the Honorable E.C. Manning, Premier of Alberta, had accepted the position of Honorary Chairman for the Dominion Tournament to be held in Drayton Valley, May 12 and 13, this year.

In accepting the position Mr. Manning said, "I will be pleased to grant the use of my name as an honorary patron and chairman of the National Tournament and I do hope that this tournament held in your local recreation building will meet with every success. I would be pleased to attend and officiate at the ceremony in Drayton Valley at that time, however, due to previous commitments I do not feel

Easyford News

Dave Reid of Sundre spent a few days with his parents Mr. and Mrs. E.R. Whittam.

Mr. and Mrs. Whittam took Dave back to his job in their new Volkswagen. While in the south they visited relatives in Redcliff and Medicine Hat.

Congratulations to Mr. and Mrs. Wayne Pettig on the birth of a daughter Donna Mae on Mar. 3 and to Mr. and Mrs. Gory Hartman who became the parents of a son on March 16.

The Dept. of Highways brought in the kitchen for the new Municipal Park. It was built at Edson as part of the winter works project.

W.I. Meeting

The March meeting of the Women's Institute was held at the home of Mrs. H.T. Deby on Monday, March 20 with 10 members and 6 visitors present.

Mrs. Krause reported that at the beginning of the year there were 2800 books in the library. More books have recently been ordered.

Mrs. Deby informed the group that all used clothing collected for welfare work had been cleaned.

Mrs. Walter Krause was appointed official delegate to the Provincial Conference to be held at the University May 23 - 26.

The by-laws were read and changes made in two of them. Mrs. Forbes, Education convener gave a very interesting talk on her early school days in Nova Scotia. Roll call was an exchange of casserole recipes. Mrs. Forbes brought two guessing contests. Mrs. Olson and Mrs. Butler won the prizes.

PEMBINA PLAYMATES

Pembina Playmates W.I. girls club met at the home of Mrs.

LOOK WHAT GAS DID FOR US TODAY!

We heated our home plus hot water for 3 baths, 13 piles of dirty dishes and 3 loads of dirty clothes. We dried all these clothes automatically in our GAS dryer. We also cooked 3 hot meals with food refrigerated by GAS - for 2 adults and 3 children and burned 6 pounds of garbage in our GAS Incinerator - all for less than the price of one package of cigarettes."

"Serving Albertans With Low-Cost Natural Gas Since 1923"

Ivan Vovk on Saturday, Mar. 11, dart game with balloons for targets. Susan Oscar won the game and received a gingerbread house decorated as an Irish Cottage for the game.

The six girls who successfully completed the Baby Sitters' Safety Course were given Baby Sitters' prizes. Graduation Certificates issued by the Alberta Safety Council. The girls are Jean Nordby (Drayton Valley) Carmen Ann and Susan Oscar, Kathy Dewey and Jeri Huchinson, all of Easyford.

For entertainment there was a

dart game with balloons for targets. Susan Oscar won the game and received a gingerbread house decorated as an Irish Cottage for the game.

GETTING EVEN
A husband was scolding another one about his day's five o'clock shadow.
"Can you blame me for not keeping well shaved?" he replied. "You must remember that my wife uses my razor to cut cloth and trim her toe nails."

CANADIAN CANCER SOCIETY

1961

Published by the Canadian Cancer Society, 710 Bay Street, Toronto, Ont., in the interests of cancer control and as a service to editors.

Cancer Society campaign help control cancer in three ways. They support research into the fundamental cause of cancer, provide for a public education program and allow volunteers to assist cancer patients.

The only methods of curing cancer today are radiation or surgery, or a combination of both. In the treatment of certain types of cancer, however, hormones, drugs, and some radioactive substances have proved valuable. To step up the research attack on cancer, support the Canadian Cancer Society's Crusade.

How often should you have a health checkup for cancer? Once a year, says the Canadian Cancer Society, unless you have any of cancer's danger signals. In that case, see your doctor right away.

YOUR FIRE DEPARTMENT

By Ross Quinn

The do-it-yourself trend that is currently growing throughout the country is by no means absent in Drayton Valley. It seems that there are more people building, maintaining and repairing their own homes here than anywhere else.

This is undoubtedly a good thing; it's gratifying work - to the home owner, and in many cases he is able to make improvements which would otherwise be economically impossible.

However, this type of endeavor our definitely has its limits: both by law and by common sense. We refer specifically to electrical wiring and gas connections.

The law states that only qualified electricians and gas fitters can do this work, and that's the way it should be. All too often your fire department has had to include in its report of a bad fire that it was due to faulty wiring.

And we have all read of homes and other buildings blowing up, often taking many lives; caused by a leaking gas line.

Doing-it-yourself is hard to stay

and it is good; but let's leave the potential killers like gas and electricity to be handled by the competent tradesmen who know what they are doing and can help keep our homes safe.

A strong Red Cross means a stronger community.

ROCKY RAPIDS FIRE

Staff Picture.

Fire almost destroyed the home of Mr. Jimmie Taylor, a mile north of Rocky Rapids last Friday afternoon. Jimmie has lived in the area ever since the winter of 1907 - '08 when he came in here with the Edmonton Lumber Company that winter. In just six months he will be eighty years young. In 1911 he homesteaded the place that Otto Guss now has. He has farmed a couple of other places in this district and moved

to his present house and acreage in 1947. He ranks among the "olden" old-timers of this district. He came in the same year as the Rays, who were the first settlers in the Rocky Rapids district, which, by the way, was settled before Drayton Valley. Mr. Taylor says that when he first came in here the present Drayton Valley district was not yet surveyed.

"GOLDEN BOY"

"GOLDEN BOY" RUFUS COMBS IN PROVINCIALS.

The Edmonton Journal called it a "Night of Confusion" - Well, I guess it was just that. The one big thing, however, was that when the confusion was finally straightened out and the dust of controversy had settled, Rufus Combs was the 150 pound champion of Northwest Alberta and therefore named to fight the Southern Champion in Calgary on April 22. If the "Golden Boy" can break through this last line of resistance he will be picked to represent Alberta in the Canadian Amateur Boxing Championships to be held in Drayton Valley in mid-May.

The story of confusion all started the first night of the two-day tournament held at the South Side Legion Auditorium on March 29 and 30. The Pembina Panther was slated to face the veteran, ring-wise, hardcock, Teddy Germaine of the best club in what was titled as a 150 pound Open Championship fight. Rufus beat Germaine in a grueling three-

CLOWN EMILE DOUCETTE Photo by Curt's

Contributing greatly to the success of any spectator-event are the clowns, and clown Emile Doucette, a superb skater with a most unusual clown get-up, contributed much to the fun of the Drayton Valley Sixth Annual Ice Carnival last Monday afternoon and evening.

Mr. Doucette was born in St. Boniface, Manitoba twenty-six years ago. His family moved to Virton, Man. while he was still young and he took all his schooling in Virton. After the outbreak in Virton, he went to work for Halliburton Company and in early 1950 he was transferred to Drayton Valley by his company. He is married and the father of a son.

Eighteen month old baby boy. He is an assistant tourmaster.

Although he hasn't played on any hockey team since coming to Drayton Valley, mostly because of his work-hour schedule, he had played hockey ever since he was a young boy, before coming here. As a boy he worked evenings for awhile for the Empire - Advance, the Virton weekly, folding papers, and cleaning up, etc.

Emile was ably assisted in his clowning acts by a couple of young boys, Dennis Meier and Gene Urchibyn, both of whom he had played hockey with in his company. He is married and the father of a son.

MISS GETZINGER CROWNED CARNIVAL QUEEN

The Sixth Annual Ice Carnival was staged in the Curling Rink with an afternoon matinee performance and an evening performance, on Easter Monday. Attendance was good for both shows.

Theme of the show was "Polly Anna's Birthday Party". This year's performers were for the most part Drayton Valley skaters, who have been for the past season under the expert instruction of Mrs. Lillian Munroe Johnstone, of Edmonton, who was very capably assisted by these instructors as from Drayton Valley, Mrs. Lorraine Jaggard, Mrs. Jeanne

Goetz and Mrs. Anne Gills. The skating instruction was given under the auspices of the Drayton Valley Figure Skating Club.

Following the excellent performances by Drayton Valley skaters with a few numbers by figure skaters from Edmonton, the climax of the evening took place with the crowning of the Queen. Three candidates had contended for top of Edmonton, who was very capably assisted by these instructors as from Drayton Valley, Mrs. Lorraine Jaggard, Mrs. Jeanne

(Cont., page 2, Col. 5)
